

# WE'RE DIGGING DECOMPOSERS! ACTIVITY SHEET

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Head outside to the Urban Demonstration Garden and find the composting bin pictured on the back. Using the tongs, gently lift the layers in the bin to investigate. How many of each decomposer below can you find? Make tally marks or dots to record what you see. Circle whether each creature moves fast or slow.

How many  
Fruit Flies?

Fast or Slow

How many  
Pill Bugs?

Fast or Slow

How many  
Worms?

Fast or Slow

How many  
Mites?

Fast or Slow

Find a piece of food that is decomposing.

Draw what it looks like now.

Draw what it looked like before.

Follow the dotted orange path to find this Decomposer's Bin in the Urban Demonstration Garden. Slide the top open and look inside.
